BACKGROUND

Sri Lanka's construction industry is at a critical juncture, driven by rapid urbanization, population growth, and pressing socio-economic changes. The urgent need for smart, efficient, and sustainable infrastructure is heightened by climate challenges and resource constraints. The government's focus on major infrastructure projects—such as expressways, ports, smart cities, housing, and special economic zones—demonstrates a strong commitment to fostering a business-friendly environment that fuels sector growth and innovation.

With positive economic indicators, rising remittances and expanding housing and industrial sectors, Sri Lanka is poised for a construction boom. To capitalize on this momentum, LECS & Savor International Ltd. proudly presents BuildMat Sri Lanka 2026, scheduled for 03-05 July, 2026 offering a premier platform to showcase the latest in sustainable construction materials, methods and technologies to industry leaders and decision-makers.

BuildMat Sri Lanka 2026 is the country's premier B2B platform showcasing safe and sustainable construction materials, equipment, methods, and real estate solutions. It offers local and international industry players a valuable opportunity to connect, collaborate, and present their latest innovations to key decision-makers in Sri Lanka's growing construction sector.

ABOUT THE ORGANIZERS

Lanka Exhibition & Conference Services (Pvt) Ltd (LECS) established in 2003 and registered with the Sri Lanka Convention Bureau, LECS is one of Sri Lanka's most trusted exhibition and conference organizers. Backed by a team of seasoned professionals and influential business leaders, LECS is renowned for delivering events that meet the highest international standards.

Savor International Limited is a leading exhibition organizer connecting global buyers, sellers and industry leaders through world-class exhibitions, conferences, and seminars. Serving as a bridge between government, business, academia, society and media, Savor delivers large-scale events across multiple industry sectors every year.

Indian Exhibition Services (IES) is a premier B2B exhibition organizer, delivering trade exhibitions, buyer-seller meets, and conferences across diverse sectors in India and abroad. With a strong focus on trade promotion and MSME growth, IES connects global buyers and suppliers through professionally managed platforms that drive measurable business outcomes.

OBJECTIVE OF BUILDMAT SRI LANKA 2026

- Creating a dynamic platform for showcasing modern construction materials, equipment and technologies.
- Supporting safe and sustainable infrastructure development across urban and rural areas.
- Encouraging the integration of innovative building models into Sri Lanka's growing urban systems.
- Promoting knowledge exchange on smart, efficient and eco-friendly construction practices.
- Strengthening B2B collaboration between domestic and global companies.
- Facilitating networking among architects, engineers, contractors, government bodies and real estate developers.
- Inspiring municipalities, policy makers and infrastructure authorities to adopt smart construction practices.
- Attracting foreign investment through industry exposure and direct engagement.
- Offering expert-led sessions and panel discussions on industry trends, innovations and regulatory frameworks.
- Serving as a Launchpad for next-generation products, sustainable design concepts and digital construction tools.
